Jackie,

Just wanted to let you know how smoothly the banquet went at the River Watch Room. The food was excellent, perfect service, & the room setup was cozy & inviting. Thanks for taking such good care of us. Sincerely,

The Basketball Boosters @ Manual  
P.S. Mary Ellen was wonderful too!

Dear Jackie -  
Well, I wish you  
could hear all of the  
wonderful comments  
regarding the food &  
how beautiful the room  
looked for the Coffey/Ross  
Rehearsal Dinner on June 8.  
People are quite surprised  
because they think only  
"fish" will be served.  
The evening was so nice  
outside got pictures and  
Hal & the waitresses were  
more than helpful.  
I will "highly" recommend  
Kingfish to anyone for  
a special event because  
that is exactly what it  
was - Special. Many thanks

You're  
Appreciated!

I just wanted to send a note expressing how pleased we were with how our 5th Grade Elementary Banquet went at your facility. The Banquet room was very nice and the service and food was great. Jackie was excellent to work with on scheduling everything and Mary Ellen and her helper did a great job with serving so many people in a quick and friendly manor. Thank you for making such a nice facility and good food at an affordable rate. Thanks again

Jackie -

Thank you for your help with our meeting on Thursday. I wanted to tell you how wonderful the staff was. The two women that helped with our event went out of their way to assist us and make our event perfect. Please compliment them for their efforts. All of our employees enjoyed the setting as well as the food. Once again, I wanted to thank you for the excellent service. I will tell others about my experience with Kingfish.

Thank you,

Dear Jackie,

Our party is over and now I want to take the opportunity to thank you, Mary Ellen, Brenda and a young man there for such a wonderful party! Everyone thoroughly enjoyed it. The food was great; the service was great, and it was a beautiful room in which to have the party. We chose U.of L. colors for our theme – had red and black napkins on the white tablecloths.

Nothing was left undone. I want you to pass these compliments on to those who served us. I'm sure we will want to use this room for future parties.

Thanks again.

Sincerely yours,

Dear Jackie [REDACTED]

I'm not quite sure to whom I should write this letter of thanks. The food was so fresh and outstanding. I have a couple of friends, as well as a couple in my family, who are very picky about how food tastes and presentation. Everyone had good things to say about the food and the service.

Dee and Brandon were such good servers. Brandon even suggested a group picture out on the patio with the Louisville skyline behind for a great picture. What a nice party you all setup for me. I thank you all from the bottom of my heart.

Jackie,

We want to thank you and the King Fish staff for a wonderful evening. Everyone who attended the retirement dinner commented on how nice the room was and how wonderful the food was. Dee and Princess were fantastic servers and were completely accomodating to us. We look forward to returning for other Staff events.

Dear Jackie + Kingfish Restaurant

Thank You for another  
year of great food +  
atmosphere. You have been  
so easy to work with  
that it really helps me in  
organizing the Band Banquet.  
My daughter graduates this  
year so I turned all of my  
information over to the next  
person in charge of hospitality.  
It's been a pleasure working  
with you.

Thank You again.

 + NCHS Band Boosters

It was appreciated  
very much.

Jackie,

Thank you for all your  
help and patience. Everything  
turned out great. The room was  
done up so nice and the food  
was great. Everyone seemed to  
enjoy themselves. Thanks again.
